Each of these 204 books from premier publisher, Lippincott Williams & Wilkins (LWW), has been selected by academically-affiliated healthcare professionals and medical librarians as must-have resources for students and professionals in a given discipline—receiving the distinction of a Doody’s Core Title.

A Core Title is a book that represents essential knowledge needed by professionals or students in a given discipline. Up to three librarians score each title on a score of 0-3 in five fundamental collection development criteria: authoritativeness of author and publisher; scope and coverage of the subject matter; quality of content (including timeliness); usefulness and purpose; and value of money. Scores are averaged to provide an overall score for each title.

Did You Know?
• 14 books in the collection have received a 3, the highest score available
• 129 books have received a score of 2.5 or above
• If you purchased the 2017 LWW Core Title Collection, you can upgrade to the 2018 collection and enjoy great savings!

What Do the Scores Mean?

Title scores provide collection development specialists with another way to compare core titles within a given specialty.

- A score of “3” signifies “excellent”
- A score of “2” means “very good”
- A score of “1” means “good”

Award-winning Support and Consultative Services
