With a growing list of over 1,200 premium titles, Journals@Ovid gives you a unique combination of currency, quality, and access options so you can create a customized electronic journal solution that’s perfect for your institution.

Ovid® offers the best selection of current, core journal content in medicine, nursing, and science. Plus, with Ovid, users can simultaneously search journal content with books and databases using natural language processing or advanced search tools.

Many journals have archives available to purchase a la carte or in cost-effective collections!

- Uncover current, research material in medicine, nursing, science, and other subject areas from LWW, Elsevier, Wiley, Oxford University Press, Massachusetts Medical Society, BMJ, and more.
- Choose single titles or cost-effective, convenient collections.
- Select titles available electronically prior to print publication.
- Add journal archives, for groundbreaking foundational scientific literature.
- Take advantage of Ovid’s powerful search functionality, time-saving workflow tools, and intuitive interface.
- Easily integrate your Journals@Ovid resources with your institution’s Ovid and non-Ovid journal, book, and database holdings.
- Enjoy EXCLUSIVE access to Lippincott journals via Journals@Ovid.

Why Journals@Ovid?
- ISI Impact Factors for more than 79% of journals on Ovid*
- One-click access to 100% searchable full text (except PDF-only journals), including every word, every graphic, and every caption
- Current content; no embargoed journals
- Time-saving workflow tools like inline abstracts, search results annotations, flexible search results sorting, and more
- Downloadable MARC Records for any journal for your OPAC
- Electronic tables of contents (eTOCS) delivered via RSS feed or email
- Access to all Journals@Ovid tables of contents and abstracts for every subscription, from one title to hundreds
- Ability to set up a convenient debit account to manage user access to individual journal content with PayPerView or Deposit Accounts
- Intuitive, seamless journal browsing and searching capabilities
