Top Journals
Visit www.ovid.com for a complete list of resources in neurology.

Continuum: Lifelong Learning in Neurology®, Lippincott-Wolters Kluwer
An Official Journal of the American Academy of Neurology®
Through a core curriculum of 15 topics, Continuum is designed to help practicing neurologists stay abreast of advances in neurology while simultaneously developing lifelong, self-directed learning skills, encouraging critical thinking, and applying knowledge to improve patient care.

Brain, Oxford University Press
A Journal of the American Heart Association®
Impact Factor 10.103, 5/192 (Clinical Neurology), 12/256 (Neurosciences)*
This journal has always provided researchers and clinicians with the finest original contributions in neurology. Its citation rating has been one of the highest for neurology journals, and it has consistently published papers which have become classics in the field.

Annals of Neurology, Wiley
Impact Factor 9.638, 6/192 (Clinical Neurology); 13/256 (Neurosciences)
Publishes high-impact articles in understanding the mechanisms and treatment of diseases of the human nervous system. All areas of clinical and basic neuroscience, including new technologies, cellular and molecular neurobiology, population sciences, and studies of behavior, addiction, and psychiatric diseases are of interest to the journal.

Neurology®, Lippincott-Wolters Kluwer
The Official Journal of the American Academy of Neurology®
Impact Factor 8.166, 8/192 (Clinical Neurology)*
Neurology® is directed to physicians concerned with diseases and conditions of the nervous system. Published weekly, the journal continues to advance the field by presenting new basic and clinical research emphasizing knowledge that will influence the way neurology is practiced. Institutional subscriptions include Neurology® Clinical Practice.
