EBooks from the Oncology Nursing Society (ONS)

The Oncology Nursing Society is one of the leading publishers of oncology nursing books—providing must-have content that will guide and update your practice.

Available on Ovid—this curated selection of top oncology nursing eBooks from ONS designed specifically for nursing staff is a must-have for any institution. Available for subscription or purchase as individual titles or in a cost-effective collection.

Since 1975, ONS has provided a professional community for oncology nurses, developed evidence-based education programs and treatment information and advocated for patient care, all in an effort to improve quality of life and outcomes for patients with cancer and their families. Together, ONS and the cancer community seek to reduce the risks, incidence and burden of cancer by encouraging healthy lifestyles, promoting early detection and improving the management of cancer symptoms and side effects throughout the disease trajectory.
