Ovid® offers your institution convenient, cost-effective access to premium, clinically-oriented journals that have been reviewed for and referenced in topic reviews from UpToDate®.

UpToDate’s topic reviews provide synoptic, evidence-based information for fast, convenient use at the point of care. Participating clinicians and physicians review the available literature and the latest evidence, and provide care recommendations.

**Why UpToDate Reviewed Journals on Ovid?**

- Access premium scholarly literature – 90% have ISI Impact Factors; 4% are the top-ranked, most cited titles in their respective category; 21% are ranked in the top 5 and 56% in the top 20*
- Save time and money – quickly build your library with one of these cost-effective collections: LWW UpToDate Reviewed Journals Collection and Ovid UpToDate Reviewed Journals Collection
- Ensure content currency – no UpToDate reviewed journals are subject to embargoes
- My Projects – organize and manage your search results and full-text research within Ovid

See page 2 for more information on key UpToDate reviewed titles available via Ovid.
