BIOSIS® Suite on Ovid

Quick, Easy Access to One of the Leading Sources of Life Sciences Research

- Access to full text articles from over 500 journals
- Powerful results management tools to assist in grant acquisition
- Easy to use searching, designed to provide highly relevant results for users not familiar with specific index terms
- These products work seamlessly with other journal and complementary database holdings including EMBASE®, MEDLINE®, CAB Abstracts®.
- Take advantage of OvidSP’s powerful search functionality, time-saving workflow tools, and intuitive interface

On Ovid you can access BIOSIS Previews®, Biological Abstracts®, Biological Abstracts/RRM® (Reports, Reviews, Meetings) and Zoological Record, all from Thomson Reuters. Regarded as one of the world’s leading sources of life sciences content, BIOSIS® Suite is unmatched in comprehensive information that’s easily searchable with the power, precision, and flexibility of OvidSP.

Why BIOSIS® Suite on Ovid?

- Uncover more relevant research in more Life Sciences fields than any other source
- Discover the leaders in various life sciences fields, tap into a network of potential collaborators
- Understand research trends and gaps in research to assist in pursuing research
- Most comprehensive database to include biomedical meetings, patents and book reviews
- Find the most relevant research through specialized indexing, hand-indexed by trained degreed biologists
- Set up time-saving saved searches and have them delivered via RSS feed or AutoAlert email

See page 2 for more information.
OvidSP
Transforming Research into Results.

OvidSP is your complete online research solution, offering a single online destination where you can search, discover, and manage the critical information you need to streamline your research productivity and your work.

- Work the way you want to work with a variety of search modes and customizable work productivity and content alerting tools
- Save and manage critical research findings and documents in a dedicated work area—My Projects
- Extend your Ovid research experience beyond OvidSP with the Ovid Toolbar
- Search all Ovid resources—books, journals, and databases—simultaneously with just one query

Suite of BIOSIS® Products Include:

BIOSIS Previews®
- Journal content from Biological Abstracts® along with non-journal content from Biological Abstracts/RRM®
- Comprehensive coverage on virtually every life sciences discipline
- Coverage spans 1926 to the present
- Critical research on current trends and developments

Biological Abstracts®
- Take advantage of the high standards of journal evaluation process, only life science, peer-reviewed original research journals are indexed
- Specialized indexing (MeSH disease terms, CAS Registry, etc)
- Available with over 11.3 million records back to 1926

Biological Abstracts/RRM®
- Discover new applications, techniques and laboratory methods discussed at meetings, months before they are published in journals
- Track the competition
- References over 1,500 meetings, 29,000 patents, 9,000 book reviews and over 24,000 references to review articles

Zoological Record
- Determine the first appearance of an animal in published literature
- Access research in significant fields like biodiversity, ecology and wildlife conservation from the world’s leading source of zoological literature
- Check for new species descriptions
- Get the most accurate results through specialized indexing from the world’s unofficial register of animal names
