Over 850 Electronic Journals, Books, and Databases Across the full range of Nursing Specialties

As nurses’ information needs develop with their growing role in modern healthcare, access to the right full-text material is increasingly vital to their work and career development. Ovid offers the single greatest collection of current journals, books, and databases for practice, education, and research. Resources span all traditional leading publishers, ensuring your team stays current with continuing education resources, clinical and patient education materials, and the latest approaches to evidence-based care.

Nursing@Ovid!

Nursing@Ovid is a sophisticated online portal offering streamlined access to premium nursing full-text resources. Built on the architecture of OvidSP, Ovid’s industry-leading precision search and discovery platform, and featuring the proprietary Ovid Nursing Subject Thesaurus and Ovid Nursing Database, Nursing@Ovid gives you quick answers to real-world questions —whether you’re in practice, education, research, or administration.

Why Nursing on Ovid?

- Uncover full-text and bibliographic resources in evidence-based nursing, nursing administration, psychiatric nursing, and more
- The Ovid Nursing Database now indexes over 960 journals and periodicals from across the world – helping you discovery the right resource for research or education
- Of the over 700 nursing books on Ovid, 15 have been designated Doody’s Essential titles, over 60 are Doody’s Core™ Titles, and over 220 books have received a Doody’s Review

See page 2 for core journals, books, and databases in Nursing available from Ovid.

Oncology Nursing Forum, Oncology Nursing Society
Impact Factor: 2.509, 1/97 (Nursing), 79/194(Oncology)*
Conveys timely, relevant information related to practice, technology, education, research, and leadership and promotes a positive image of oncology nursing.

Research in Nursing & Health, Wiley-Blackwell
Impact Factor: 1.708, 1/97 (Nursing)*
A general, peer-reviewed, research journal devoted to publication of a wide range of research and theory that will inform the practice of nursing and other health disciplines.

Books

AWHONN’s High Risk and Critical Care Obstetrics
Lippincott Williams & Wilkins
Doody’s Star Rating®: 3 stars, score: 88, Doody’s Core Titles: 2.8 - Nursing - Maternal/Child
Comprehensive book on advanced obstetrics practice that focuses on the care of childbearing women with complications during pregnancy and the related professional concerns of perinatal professionals caring for them.

Evidence-Based Nursing: The Research-Practice Connection
Jones and Bartlett Publishers, LLC
Doody’s Star Rating®: 4 stars, score: 91, Doody’s Core Titles: 2.8 - Nursing - Research
This key resource was designed to teach nursing students how to engage in evidence-based practice (EBP) by providing basic knowledge regarding research methodology and critical appraisal.

Manual of Neonatal Care
Lippincott Williams & Wilkins
Doody’s Star Rating®: 4 stars, score: 96, Doody’s Core Titles: 2.4 - Nursing - Pediatrics
Written by expert authors, this book offers a practical approach to the diagnosis and medical management of problems in the newborn.

Restorative Care Nursing for Older Adults: A Guide For All Care Settings
Springer Publishing
Doody’s Star Rating®: 4 stars, score: 95, Doody’s Core Titles: 3.0 - Nursing - Long Term Care, Essential Purchase Title
Assists formal and informal caregivers and administrators at all levels to assimilate the philosophy of restorative care and be able to develop and implement successful restorative care programs.

Databases

Joanna Briggs Institute EBP Resources, Joanna Briggs Institute
Evidence-based content and tools including systematic reviews, evidence summaries, point of care tools, quality improvement tools and much more from the Joanna Briggs Institute (JBI) — one of the world’s leading evidence-based practice (EBP) organizations.

Maternity and Infant Care, MIDIRS
Contains over 120,000 references with abstracts to journal articles from over 550 International English-language journals, books, and grey literature relating to the midwifery profession, pregnancy, labor, birth, postnatal care, and neonatal care and the first year of an infant’s life.

Ovid Nursing Database, Ovid, Lippincott Williams & Wilkins, National Library of Medicine
Ovid’s own bibliographic tool, designed around the way that nurses need to find information in everyday practice, research and education.

PLUS! Available Journal and Book Nursing Collections.
