printed on recycled paper

Over 800 books are available on OvidSP. See below for a list of key titles!

Clinical Endocrine Oncology, 2nd Edition,

Doody's 5-star (98), DCT 2.8 (Health Sciences - Endocrinology/Metabolic Disease) - **ESSENTIAL**, 2.6 (Health Sciences - Endocrine Surgery) - **ESSENTIAL**

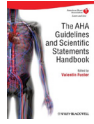

This new edition provides specific and detailed guidance on the basic, clinical, investigative and therapeutic processes required for the thorough evaluation of a patient with a tumor in an endocrine organ.

Medical Toxicology of Natural Substances: Foods, Fungi, Medicinal Herbs, Plants, and Venomous Animals, 1st Edition,

Doody's 5-star (100), DCT 2.73 (Health Sciences - Toxicology)

This volume finally gives you an easily accessible resource for vital toxicological information on foods, plants, and animals in key areas in the natural environment.

The AHA Guidelines and Statements Handbook, 1st Edition,

Doody's 5-star (98), DCT 2.8 (Health Sciences - Cardiology)

This outlines the key AHA guidelines, Statements, and Performance Measures and includes comparisons with the associated European guidelines. This book also has a strong online component, which will alert users who sign up to new updates to the guidelines and other relevant information.

Advanced Digestive Endoscopy: Practice and Safety, 1st Edition,

Doody's 5-star (98), DCT 2.73 (Health Sciences - Gastroenterology)

This includes information and guidelines for all aspects of practice management relating to endoscopy. It provides a practical manual on how to perform techniques in the most safe and effective ways to reduce complications.

Mixed Methods Research for Nursing and the Health Sciences, 1st Edition,

Doody's 4-star (92), DCT 2.87 (Research)

This is an accessible, practical guide to the design, conduct and reporting of mixed method research in nursing or the health sciences. 'Real-life' examples from the published literature, doctoral theses and the unpublished work of the authors, illustrate the concepts being discussed.

Intestinal Failure: Diagnosis, Management and Transplantation, 1st Edition,

Doody's 4-star (94), DCT 2.6 (Health Sciences - Transplantation Surgery)

This comprehensive book provides an in-depth review of scientific theory and clinical practice relating to intestinal failure with specific emphasis on assessment and management as part of a multidisciplinary team.

International Handbook of Work and Health Psychology, 3rd Edition,

Doody's 4-star (94)

This authoritative handbook offers a comprehensive and up-to-date survey of work and health psychology. New chapters cover emerging themes in this rapidly growing field.

9 cost-effective collections
