Health Professions

Help Improve Patient Care with Key Resources

The health professions or allied health sector—which spans physical therapy, chiropractic, osteopathy, as well as imaging technology, and other diagnostic and technical support services—makes up 60% of the healthcare workforce. And these professionals need access to important and timely literature to stay informed on the latest treatments and research and to support their professional development.

OvidSP provides one-click access to premium, current, and critical research, through nearly 70 books, over 40 journals, and core bibliographic databases. It’s an unmatched search, discovery, and management solution for anyone involved in the Health Professions and who simply can’t afford to miss the critical information they need to do their work or support their clinical colleagues.

Core Journals, Books, and Databases in the Health Professions.
The following resources are a must for any institution. For a complete list of journals, books, and databases in the Health Professions, visit www.ovid.com.

Journals

**ACSM’s Health & Fitness Journal**, Lippincott Williams & Wilkins
Impact Factor: 0.404, 72/85 (Sports Sciences)*
Responding to needs of fitness instructors, personal trainers, exercise leaders, and program managers, this journal promotes and distributes accurate, unbiased, and authoritative health and fitness information.

**Journal of Chiropractic Medicine**, Elsevier
This peer-reviewed journal is devoted to providing a forum for the chiropractic profession to disseminate information dedicated to the developing primary care emphasis within the profession.

**Journal of Geriatric Physical Therapy**, Lippincott Williams & Wilkins
Impact Factor: 1.212, 34/45 (Geriatrics & Gerontology), 35/62 (Rehabilitation)*
This journal is leading source of clinically applicable evidence for achieving optimal health, wellness, mobility, and physical function for aging adults, across the continuum of health care settings.

**Optometry and Vision Science**, Lippincott Williams & Wilkins
Impact Factor: 2.108, 20/58 (Ophthalmology)*
As the most authoritative source for current developments in optometry, physiological optics, and vision science, this journal has served primary eye care practitioners for more than 75 years.

**Periodontology 2000**, Lippincott Williams & Wilkins
Impact Factor: 3.961, 1/81 (Dentistry, Oral Surgery & Medicine)*
Comprised as a series of monographs, this journal is intended for periodontists and general practitioners with interest in periodontics.

Books

**Clark’s Pocket Handbook for Radiographers**
CRC Press
Doody’s Star Rating®: 4 stars, score: 96
As a rapid reference for students and qualified radiographers, this hands-on guide provides radiographic techniques and clear and practical advice on the radiographer’s day-to-day work.

**Clinical Manual of Contact Lenses**
Lippincott Williams & Wilkins
Doody’s Core Titles: 2.73 - Health Sciences - Optometry; Essential Purchase Title
This manual is a complete, current, and convenient “how-to” guide to fitting, evaluating, and troubleshooting contact lenses, particularly specialty contact lens designs.

**Clinical Prediction Rules: A Physical Therapy Reference Manual**
Jones and Bartlett Publishers, LLC
Doody’s Star Rating®: 5 stars, score: 100
This book offers the first comprehensive look at CPRs as they relate to PT practice — making available pertinent information to influence clinical decision making while also providing sufficient depth.

**Handbook For Health Care Research**
Jones and Bartlett Publishers, LLC
Doody’s Star Rating®: 5 stars, score: 98
Using step-by-step guidelines, the text teaches students and practitioners to implement a research protocol and evaluate the results, even with no experience or formal training in the research process.

Databases

**Joanna Briggs Institute EBP Resources**, Joanna Briggs Institute
Evidence-based content and tools including systematic reviews, evidence summaries, point of care tools, quality improvement tools and much more from the Joanna Briggs Institute (JBI) — one of the world’s leading evidence-based practice (EBP) organizations.

**MANTIS**, Action Potentials, Inc.
The largest source of osteopathic, chiropractic, and alternative medical literature in the world.

**Primal Pictures on OvidSP**, Primal Pictures
This suite of over 30 interactive multimedia anatomy modules offers healthcare practitioners a visually precise anatomy teaching, training, and practice tool. Modules covering Chiropractic, Physical Therapy, and other fields are available.
