LWW Reference Collections on Ovid

Surgery

Must-Have, Cost-Effective Reference Collections for Surgical Residents and Practitioners

Anchored by many classic and gold-standard references used by today’s residents and practitioners, these two Lippincott Williams & Wilkins (LWW) Reference Surgery collections—Core and Extended—are must-haves for any institution supporting a surgical practice.

Available via the OvidSP medical research platform—one of the world’s leading online aggregators of medical, nursing, and health science research literature from international publishers and information producers—these books will help guide residents and surgeons from their resident education to their everyday operating room practice.

Why LWW Reference Book Collections in Surgery on Ovid?

- One click access to comprehensive clinical texts and references covering core competencies in resident education and guides for advanced practitioners
- Provide review texts for preparation for in-service exams including the ABSITE exam, board certification and re-certification exams
- Browse and download any surgical or lecture videos or multimedia images that are included in any book in a collection
- Find precise information quickly using time-saving workflow tools like inline abstracts, search results annotations, flexible search results sorting, and more
- Search—at the same time and with the same search query—all other related subscription content on Ovid
Core Collection (49 Titles)

This collection includes nearly 50 gold-standard texts covering essential surgical topics. These titles are diverse in nature to meet the needs of junior residents learning the fundamentals of surgical treatment of disease to serving as must-have guides for advanced residents and practitioners.

Topical coverage spans:

- Abdominal Surgery
- Cardiothoracic Surgery
- Colorectal Surgery
- Pediatric Surgery
- Plastic and Reconstructive Surgery
- Surgical Critical Care
- Surgical Imaging
- Surgical Oncology
- Transplantation Surgery
- Trauma
- Urologic Surgery/Urology
- Vascular Surgery

Gold-standard titles:

- **Fischer's Mastery of Surgery**
  - Doody's Star Rating®: 5 stars, score—98 - Doody's Core Titles: 2.6 – General Surgery
  - Embraces a scope consistent with the broad training of a general surgeon, providing extensive coverage of vascular surgery as well as of common thoracic, breast, esophageal, endocrine, colorectal, gastric, pancreatic, liver, and biliary procedures.

- **Greenfield's Surgery: Scientific Principles and Practice**
  - Doody's Star Rating®: 4 stars, score—92 - Doody's Core Titles: 2.93 – General Surgery
  - Reflects changes in surgical education and practice, as well as the increasingly clinical emphasis of residency programs, this text features expanded coverage of clinical material and increased use of clinical algorithms.

Additional titles include:

- Anatomic Exposures in Vascular Surgery
- Grabb and Smith's Plastic Surgery
- Marino's The ICU Book
- Master Techniques in Surgery: Gastric Surgery
- Master Techniques in Surgery: Hepatobiliary and Pancreatic Surgery

Extended Collection (20 Titles)

Looking for even more specialty coverage to supplement the Core Collection? The Extended Collection offers clinical references covering essential surgical topics in Plastic & Reconstructive Surgery, along with other key surgical sub-specialty areas.

Key titles include:

- Grabb's Encyclopedia of Flaps (3 volume set)
- Master Techniques in Surgery: Colon and Rectal Surgery: Anorectal
- Roger's Textbook of Pediatric Critical Care
- Surgery of the Breast: Principles and Art
- Surgical Approaches to the Facial Skeleton
