For more than 100 years, Stedman's has been defining medicine for healthcare professionals. Stedman's Online offers users online access to the most complete resource of medical terms, definitions, abbreviations and symbols.

By offering this resource to your healthcare staff, you will be able to standardize record processing and comply with healthcare regulations – helping to increase the accuracy of documentation, limit errors, improve patient safety and ensure quality of care.

In addition to healthcare academic and clinical settings, Stedman's would be a valuable reference for insurance companies and law firms investigating insurance claims and malpractice lawsuits.

Why Stedman’s Online?

- Give healthcare staff instant access to medical terminology definitions to help them avoid dangerous medical errors
- Includes content from the leading medical terminology references: Stedman’s Medical Dictionary and Stedman’s Medical Abbreviations, Acronyms & Symbols
- Maintain compliance with Joint Commission Accreditation on abbreviations usage; develop custom “Approved” and “Do Not Use” abbreviation lists
- Support medical records departments and transcription services to comply with government mandates regarding Electronic Medical/Health Record Systems
- Ideal for course adoption in medical, nursing and healthcare professional programs, as well as for non-clinical medical courses such as medical coding and reimbursement
