New Books on Ovid

**NURSING: PSYCHIATRIC/MENTAL HEALTH NURSING**

This is the only advanced practice guide to provide an overview of the major DSM-IV-TR disorders across the lifespan and complete clinical guidelines for their psychopharmacologic management.

**SCIENCE: MICROBIOLOGY**

This book collates and reviews recent advances in the microbial metabolism of amino acids, emphasizing diversity—in terms of the range of organisms under investigation and their natural ecology—and the unique features of amino acid metabolism in bacteria, yeasts, fungi, protozoa and nematodes.

---

**SCIENCE: SOIL SCIENCE**

Including color images of each species, this up-to-date reference guide on the most important plant invaders is an invaluable tool for both researchers and policy makers.

**New Book Editions**

**CLINICAL MEDICINE: RADIOLOGY**

Bridging the gap between dentistry and medical radiology, this up-to-date volume covers the anatomic zones, imaging modalities, patient conditions, and presenting clinical signs and symptoms shared by dentistry and medicine.

**NURSING**

The best-selling drug guide for nurses & other clinicians, now in its 38th year, has been fully updated with more than 4,300 clinical changes to nearly 3,500 generic, brand, and combination drugs. Plus, a “New Drugs” section, which features nearly 29 new FDA-approved generics and their corresponding brand-name drugs.

**New and Updated Book Collections**

**Amirsys Diagnostic Radiology Book Collection; Amirsys Publishing, Inc.**

Now with 7 new titles - including *Osborn’s Brain: Imaging, Pathology, and Anatomy* and *Imaging in Spine Surgery* - as well as updated editions of 12 books already included in the collection.

**Lippincott Williams & Wilkins Classic Book Collection; Lippincott Williams & Wilkins**

Here’s a collection of over 1,000 classic LWW Books to enhance your library holdings. Some key titles include the 9th edition of *DeVita’s Oncology* and the *Washington Manual of Medical Therapeutics*, 34th edition, as well as many more titles that are Doody’s reviewed and considered cornerstones in their specialty.

**Lippincott Williams & Wilkins Doody’s Premier Star Collection 2017; Lippincott Williams & Wilkins**

This collection offers cost-effective, perpetual access to 96 medical and health science books from Lippincott Williams & Wilkins that have received a 4 or 5 star rating from Doody’s Review Services. These titles are not included in the Doody’s Core Collection and would be a great standalone addition or a companion to the Core or Essential collections.

**Ovid Addiction Book Collection; American Nurses Association, Health Press, Springer Publishing, and other publishers**

With this brand-new package, researchers and professionals involved in addiction and substance abuse issues have single-click access to over 20 books—from multiple sources—to help them with their work. Sixteen books have been designated a Doody’s Core Title or have received a Doody’s Review, and 9 of the books are exclusive to Ovid.

**Ovid Nursing Community College Extended Book Collection; Lippincott Williams & Wilkins**

Updated with new titles, here’s a cost-
effective access to over 140 nursing and allied health books packaged to meet the needs of 2-year nursing programs.
