Our Ovid C+T+S Update e-newsletter is designed to keep you informed on new content, as well as news about our award-winning search and discovery platforms. Check out February’s Resources of the Month, Featured Journals, and Featured Books. And don’t miss the Technology Corner, with a helpful hint from our Customer Support team on using Ovid!

**Book News**
There are nearly 40 new books and new editions now accessible on the Ovid platform, from Springer Publishing, LWW, Sage Publications, CRC Press, and other publishing partners.

**Journal News**
Many of our popular annual LWW collections are now available for 2018! Seven new journals in Psychology, Nursing, and other fields, have also been uploaded to Ovid.

**Database News**
We’ve added 2 new sets of multimedia presentations to our Medical Meetings on Demand series. Plus, 2018 MEDLINE news!

**Featured Resources**

**Embase®**
The Embase database is the most trusted source of global, evidence-based pharmacological and biomedical research with over 30 million bibliographic records dating back to 1947.

**Visible Body**
Heart & Circulatory Premium
This interactive 3D Atlas is a deep dive into the heart and circulatory system for learning, reference, and patient education.

**Featured Books**

*Manual of Valvular Heart Disease, 1st Edition*
Doody’s Star Rating® ★★★ Score: 82
Portable and clinically oriented, this full-color handbook is a unique and timely guide to valvular heart disease and percutaneous coronary interventions.

*Khonsari’s Cardiac Surgery: Safeguards and Pitfalls in Operative Technique, 5th Edition*
Doody’s Star Rating® ★★★ Score: 84
Details the most important techniques in a concise, readable, and richly illustrated format, with a focus on avoiding and managing surgical pitfalls and complications.

**Featured Journals**

*Circulation Research*
Presents peer-reviewed reports on research advances in biology, biochemistry, biophysics, cellular and molecular biology, morphology, pathology, physiology, and pharmacology.

*Regional Anesthesia & Pain Medicine*
Publishes peer-reviewed scientific and clinical studies to advance the understanding and application of regional techniques for surgical anesthesia and postoperative analgesia.

Book News

New Books

BEHAVIORAL & SOCIAL SCIENCES: PSYCHOLOGY

This unparalleled text guides professionals in the use of ethical decision-making processes as the foundation for ethical approaches to counseling and psychotherapy.

CLINICAL MEDICINE: EMERGENCY MEDICINE & TRAUMA

Designed for EMS providers and leaders who provide medical care in the wilderness, and those providing wilderness medicine as part of a formal team.

CLINICAL MEDICINE: GERIATRICS & GERONTOLOGY

Through the autobiographical perspectives of 16 preeminent researchers and scholars of Environmental Gerontology, this state-of-the-art Annual Review critically examines the broad range of topics that comprise this interdisciplinary field.

CLINICAL MEDICINE: INTERNAL MEDICINE

Affiliated with the Society for Immunotherapy of Cancer (SITC), this is the authoritative reference on cancer immunobiology and the immunotherapy treatments that harness the immune system to combat malignant disease.

A structured, standardized format helps you quickly find the information you need, while numerous illustrations and videos online provide visual support for key concepts and procedures.

CLINICAL MEDICINE: NUCLEAR MEDICINE

This long-awaited third edition has been revised and updated to encapsulate the developments in the field since the previous edition was published nearly two decades ago.

CLINICAL MEDICINE: ORTHOPEDICS

The book encompasses all aspects of musculoskeletal basic sciences that are relevant to the practice of orthopaedics and that are featured and assessed in higher specialty exams.

CLINICAL MEDICINE: OTOLARYNGOLOGY

Chapters cover the most critical and relevant topics in facial plastics & reconstructive surgery, including trauma, oculoplastic, rhinoplasty, and cosmetic procedures. Each follows an identical organizational structure to make it easier to review and digest important information across multiple surgical procedures.

CLINICAL MEDICINE: PATHOLOGY
Surgical Pathology of the Liver; Torbenson, Michael; Moreira, Roger; Zhang, Lizi; Lippincott Williams & Wilkins (LWW), 1st Edition (2017); 664 pages; ISBN: 978-1-496-36579-8

Written by surgical pathologists for surgical pathologists, the book focuses on sharpening your skills and knowledge in diagnostic histopathology, including laboratory and clinical findings that are directly useful when evaluating liver histology for clinical care.

CLINICAL MEDICINE: RADIOLOGY

Ideal for residents preparing for the Core Examination, as well as practitioners taking recertification exams, this unique review follows the structure and content of what you’ll encounter on the test, effectively
preparing you for Core Exam success!

HEALTH PROFESSIONS: PHYSICIAN ASSISTANT
This groundbreaking text focuses on the practical knowledge and skills that both physician assistants (PAs) and nurse practitioners (NPs) need to be effective health care leaders in a multidisciplinary environment.

NURSING: NURSING EDUCATION
This unequalled resource guides novice nurse educators step by step through the challenging process of transitioning from service to academe.

New Book Editions
BEHAVIORAL & SOCIAL SCIENCES: CULTURAL COMPETENCY IN HEALTHCARE
LGBTQ Cultures: What Health Care Professionals Need to Know About Sexual and Gender Diversity; Eliason, Michele J.; Chinn, Peggy L.; Lippincott Williams & Wilkins (LWW), 3rd Edition (2017); 272 pages; ISBN: 978-1-496-39460-6
Paves the way for healthcare professionals to provide well-informed, culturally sensitive healthcare to lesbian, gay, bisexual, transgender, and queer (LGBTQ) patients.

BEHAVIORAL & SOCIAL SCIENCES: PSYCHOLOGY
Fully updated and revised, this second edition of this unique rehabilitation counseling text reflects growing disparities among “haves” and “have-nots” as they bear on the psychosocial aspects of disability.

The most comprehensive and current evidence-based coverage of suicide treatment and assessment for mental health students and practitioners, this book prepares readers how to react when clients reveal suicidal thoughts and behaviors.

CLINICAL MEDICINE: EMERGENCY MEDICINE & TRAUMA
Presented in an easy-to-read format, the book includes succinct bullet point text, synoptic tables, charts, and diagrams to find key information quickly, in a new edition aimed as much for use at the bedside as it is for studying.

CLINICAL MEDICINE: FAMILY PRACTICE
The book is completely revised - many sections are largely rewritten, new ones added, diagnostic methods updated, many old illustrations replaced and others inserted.

CLINICAL MEDICINE: GERIATRICS & GERONTOLOGY
Champions healthy aging by demonstrating how to prevent or manage disease and make large-scale improvements toward health and wellness in the older adult population.

CLINICAL MEDICINE: INTERNAL MEDICINE
This ninth edition is packed with full-color illustrations, real-world clinical scenarios, and step-by-step instructions—giving you the practical guidance you need to use an EKG in actual clinical settings with patients.
Comprehensively updated by a brand-new editorial team to bring you state-of-the-art pictorial coverage of the complete range of hematologic conditions.

CLINICAL MEDICINE: RADIOLOGY
Berquist’s Musculoskeletal Imaging Companion; Peterson, Jeffrey J; Lippincott Williams & Wilkins (LWW), 3rd Edition (2017); 840 pages, 1,500 illustrations; ISBN: 978-1-496-31499-4
It presents over 1,500 large, clear images of common diseases, disorders, and injuries, accompanied by succinct, bulleted “key facts” regarding the clinical and imaging features of each condition.

CLINICAL MEDICINE: REHABILITATION 
& PHYSICAL MEDICINE
The fifth edition of this landmark volume has been substantially updated and expanded to encompass an abundance of innovative rehabilitation research supported by changing technology and new research methodologies.

LIFE & BIOMEDICAL SCIENCES: IMMUNOLOGY
This eighth edition focuses on patient evaluation and management, and covers immunologic mechanisms, pathophysiology, pharmacology, and diagnostic techniques.

NURSING: ADVANCED PRACTICE
The third edition of this highly acclaimed review continues to promote efficient, time-saving study by synthesizing the complex knowledge needed to pass the AGNP exam into a concise, well-organized format.

Four new chapters address changes and emerging trends, expanding the focus on independent practice, increasing demands on health care due to the growing population of older adults, and updated reimbursement/economic issues.

The second edition retains the important focus on prevention, managing symptoms, and health problems that are unique to women.

NURSING: ISSUES & TRENDS IN NURSING
This introductory textbook relates theory to practice and enhances students’ learning and understanding of cultural issues that impact on patient care and their own practice as nurses, while considering wider social and political issues.

Addresses the latest developments in health care policy domains such as long-term care, end-of-life care, and initiatives to reduce disparities in health.

NURSING: NURSING EDUCATION
Reorganized and updated to deliver practical guidelines for evidence-based curricular change and development, the fourth edition of this classic text highlights current research in nursing education as a springboard for graduate students and faculty in their quest for research projects, theses, dissertations, and scholarly activities.

For the third edition, 20 new scenarios have been added, and all scenarios have been updated to adhere to best-practice simulation standards for design, facilitator and participant criteria, interprofessional criteria, and debriefing processes.
NURSING: NURSE PRACTITIONER

The third edition of this highly acclaimed review continues to promote efficient, time-saving study by synthesizing the complex knowledge needed to pass the exam into a concise, well-organized format.

NURSING: RESEARCH & THEORY

The second edition features important updates and a reorganization of information to better highlight the roles of theory and the major philosophical perspectives in knowledge development.

Delivers the full treasury of tools that graduate nursing students and advanced practice registered nurses (APRNs) need to translate clinical research into practice.

PHARMACOLOGY

Assists clinicians by providing key information on potential adverse effects that can result from prescribing two or more drugs for simultaneous use.

Journal News

New Journals

BEHAVIORAL SCIENCES: PSYCHOLOGY

American Journal of Community Psychology; Tebes, Jacob Kraemer; Wiley; ISSN: 0091-0562; Coverage: Vol 47 (2) 2011 - present

Publishes original quantitative, qualitative, and mixed methods research; theoretical papers; empirical reviews; reports of innovative community programs or policies; and first-person accounts of stakeholders involved in research, programs, or policy.

Psychological Reports; Scherer, Cory; Sage Publications; ISSN: 0033-2941; Coverage: Vol 84 (1) 1999 - present

Here’s a bi-monthly peer-reviewed journal that publishes original and creative contributions to the field of general psychology.

BEHAVIORAL SCIENCES: SUBSTANCE ABUSE

Canadian Journal of Addiction; el-Guebaly, Nady; Lippincott Williams & Wilkins (LWW); ISSN: 2368-4720; Coverage: Vol 13 (1) 2009 - present

The official publication of the Canadian Society of Addiction Medicine provides a unique Canadian forum for the presentation of evidence-based, peer-reviewed clinical information and scientific materials to clinicians working in the field of Addiction Medicine.

CLINICAL MEDICINE: CLINICAL LABORATORY SCIENCE & MEDICAL TECHNOLOGIES

Journal of Diabetes Science and Technology; Klonoff, David C.; Heinemann, Lutz; Sage Publications; ISSN: 1932-2968; Coverage: Vol 1 (1) 2007 - present

Published by the Diabetes Technology Society, this journal covers scientific and clinical aspects of diabetes technology including glucose monitoring, insulin and metabolic peptide delivery, the artificial pancreas, and more.

CLINICAL MEDICINE: INTERNAL MEDICINE

HemaSphere Open Access; Cools, Jan; Engert, Andreas; Lippincott Williams & Wilkins (LWW); ISSN: 2325-1603

This journal of the European Hematology Association publishes results of highly relevant basic, translational and clinical research in hematology.

CLINICAL MEDICINE: NUTRITION & DIETETICS

AADE in Practice; Pearson, Teresa L.; Sage Publications; ISSN: 2325-1603; Coverage: Vol 1 (1) 2013 - present

This official publication of the American Association of Diabetes Educators (AADE) is a bi-monthly, peer-reviewed practice journal that combines the heart, art, and science of diabetes self-management education.

MEDICAL HUMANITIES: MEDICAL EDUCATION

Health Education & Behavior; Ramirez-Valles, Jesus; Sage Publications; ISSN: 1090-1981; Coverage: Vol 26 (1) 1999 - present

Here’s a peer-reviewed, bimonthly journal that publishes authoritative empirical research and commentary for professionals whose work involves understanding factors associated with health behavior and evidence-based social and behavioral strategies to improve health status.
