Your monthly guide to news about Ovid Content, Tools, and Services.

Ovid® content + tools + services update

Your monthly guide to news about Ovid Content, Tools, and Services.
Check out March’s Resources of the Month, Featured Journals, and Featured Books. And don’t miss the Technology Corner, with a helpful hint from our Customer Support team on using Ovid.

Platform News
The latest Ovid release—with improvements to searching, search results, and more—rolled out smoothly on March 14th.

Book News
The last month saw 16 new books and new editions from Thieme Medical Publishers, Lippincott, and other publishers.

Collection News
Check out this month’s new additions: a brand-new collection from the ADA plus new annual updates to two of our classic bestsellers.

Database News
New interactive collections of radiologic casework from the American College of Radiology (ACR) are now available. And don’t miss the latest annual reloads to Ovid HealthSTAR and Embase.

Featured Resources

Biomedical Research Grants - UberResearch
Searchable database of awarded research funding that includes more than 600,000 indexed records. Allows researchers to instantly uncover the funders and dollars going to their discipline and plan their grant outreach accordingly.

Evidence-Based Medicine Reviews (EBMR)
A definitive resource for electronic information in the evidence-based medicine movement that combines the most trusted resources into a single, fully-searchable database.

Featured Journals

Journal of Urology®
Official Journal of the American Urological Association (AUA), the journal brings solid coverage of the clinically relevant content needed to stay at the forefront of the dynamic field of urology.

Journal of the Association of Nurses in AIDS Care
A forum for nurses and health care professionals who care for and treat individuals infected and affected by HIV/AIDS. Offers the latest in health care delivery, program implementation, research analysis and application.

Featured Books

Acute Care Surgery
Doody’s Star Rating® ★★★★★ Score: 91
Updated with more illustrations and brand-new chapters that reflect the growth and advances in the field, this edition features an editorial board drawn from the ranks of trauma surgery, emergency surgery, and critical care surgery.

Manual of Cardiovascular Medicine
Doody’s Star Rating® ★★★★ Score: 84
Using a practical, outline format, this best-selling title presents evidence-based approaches to cardiovascular diagnosis, diseases, and treatment - perfect for daily practice or exam preparation.
Tech Tip:

“Special Ovid Filters for Medline and Ebase are now available. Contact support@ovid.com if you wish to set them as a limit appearing on your Ovid search page.”

- Marko Niketic, Product Support Specialist, APAC

Platform News

New Ovid® Enhancements
Successfully Released March 14th
At Ovid, listening to customers is one of our top priorities. That's why, in response to customer feedback, enhancements were made to search term processing, search results, and eBook viewing, among other items. Questions? Email support@ovid.com for more info.

Book News

New Books

CLINICAL MEDICINE: GASTROENTEROLOGY & HEPATOLOGY
Strikes a perfect balance between evidence-based medicine, in-depth details, and clinical pearls.

CLINICAL MEDICINE: NEUROSURGERY
Operative Cranial Neurosurgical Anatomy; Gagliardi, Filippo; Gragnaniello, Cristian; Mortini, Pietro; Caputy, Anthony J.; Thieme Medical Publishers, 1st Edition (2018); 360 pages, 542 illustrations; ISBN: 978-1-626-23216-7
Essential procedural aspects are discussed in 53 chapters, starting with sections on pre-surgical training and planning, patient positioning, and basic techniques.

CLINICAL MEDICINE: OPHTHALMOLOGY
Presents the latest techniques for achieving optimal results and overcoming complications in cataract surgery.

To meet the ever-increasing patient demand for these youth-restoring procedures, all surgeons undertaking eyelid surgery and committed to prevent and treat complications of periorbital surgery should have this resource in their collection!

CLINICAL MEDICINE: ORTHOPAEDICS
Orthopaedic Hand Trauma; Eltorai, Adam E. M.; Akelman, Edward; Lippincott Williams & Wilkins (LWW), 1st Edition (2019); 632 pages; ISBN: 978-1-496-37274-1
Structured and formatted for easy, efficient comprehension of up-to-date material, this book helps you assess, evaluate, and treat injuries of the bone, tendon, and nerve that are commonly encountered in the emergency room or urgent care clinic.

This handbook is a concise, compact guide on key principles of spine surgical knowledge — from the atlanto-occipital joint to the coccyx.

CLINICAL MEDICINE: OTOLARYNGOLOGY
This brand-new and cutting-edge neck dissection resource provides expert guidance on its use in a wide spectrum of head and neck pathologies.

CLINICAL MEDICINE: RADIOLOGY
The book lays a solid foundation with opening chapters on scanner physics, radionuclide basics, study interpretation, patient preparation, quantitative whole-body PET/CT imaging, normal variants, benign findings, and clinical applications.

Part of a series of radiology case books this volume features nearly case studies, over 500 precise, accurate images, and 800 pathological processes.

CLINICAL MEDICINE: SURGERY
Hernia Surgery; Schumpelick, Volker; Arlt, Georg; Conze, Joachim; Junge, Karsten; Thieme Medical Publishers, 1st Edition (2019); 344 pages, 512 illustrations; ISBN: 978-3-132-40551-6
New surgical treatment concepts for hernia arising in the early 21st century and expounded in this book include tension-free principles, inguinal hernia repair under local anesthesia, use of the preperitoneal space, and laparoscopic hernia repair.
The only book on the market devoted to the lumbar plexus and its branches, focusing on anatomy and clinical applications, pathology, surgery, and imaging.

MEDICAL HUMANITIES: MEDICAL RESEARCH
This invaluable, jargon-free guide to essential medical terminology in an accessible A-Z format is ideal for medical, allied health and biomedical science students and researchers, clinicians, and health care practitioners.

New Book Editions
Lead innovation and raise the standard of care in your OR with new techniques and proven practical approaches presented at the definitive orthopaedic educational event of 2018 - the AAOS Annual Meeting.

Rockwood and Wilkins' Fractures in Children; Waters, Peter M.; Skaggs, David L.; Flynn, John M.; Lippincott Williams & Wilkins, 9th Edition (2019); 1,260 pages; ISBN: 978-1-496-38654-0
With contributions from experts in orthopaedic surgery, the latest edition of this comprehensive resource presents up-to-date technical procedures for treating a wide range of fractures in children and adolescents.

Filled with more than 1,000 images, the latest edition of this award-winning comprehensive classic—written by anatomic pathologists for anatomic pathologists—has been updated with new information on surgical principles and techniques.

This proven resource is the standard text for teaching the osteopathic profession, providing broad, multidisciplinary coverage of osteopathic considerations in the basic sciences, behavioral sciences, family practice and primary care, and the clinical specialties.

Collection News
New!
• American Diabetes Association (ADA) Book Collection

Updated for 2019
• Ovid Premier Journal Collection
• OvidMD Advantage Premium DS 2019

Database News
New Case-Based Multimedia Resources from the American College of Radiology
Continuous Professional Improvement
Delivers the most current, content-rich radiology casework directly from the present-day practices of leading subspecialists. More than 200 distinguished experts create CPI self-assessments in essential areas of ABR-required study. Eligible physicians can earn 8 CME/SA-CME credits per module!

Case in Point
Features a variety of radiology subspecialty case studies prepared by a community of residents, their mentors, and others. Determine the differential diagnosis, make conclusions, review images, and solidify your knowledge of both unique and important diagnoses. Information is updated daily and dates as far back as 2005. Eligible physicians can earn .25 CME/SA-CME credits per case!

Recent 2019 Reloads
Ovid HealthSTAR
This reload added the annual update of MeSH as well as 11 new fields, 2 changed fields, and 2 deleted fields. In addition, numerous new filters were introduced to further pinpoint searches.

Embase
Incorporates the most recent version of the Emtree thesaurus as well as 1 new field and 2 new subheadings. Be sure to check the Database Field Guides for further details.
